High School Graduates:		Contracted Operation	
High School Diplomas-Regular	56	* Certificates of Completion issued at a district level	
Other Completions*	0	** Limited English Speaking (LEP)	

### Superintendent's Highlights

This year a lot of focus was put on aligning our curriculum as well as working towards meeting the new standards requirements. We have worked on raising our own standards and requirements within our school and the individual subject areas. Our staff has been receiving training in these areas and in methods to increase our effectiveness in the classroom. Our staff has been very cooperative in working with at-risk students developing individualized programs of study to help them be successful in the classroom. We have had a lot of success with students attending the Cassia Technical Center which we believe will be very beneficial to them in the future. It allows us to expand our course offerings and provide a well rounded curriculum.

At the middle school, we completed our first year using a 4x4 block schedule. Teachers reported an increased number of students seen at one time. We reached 100% certification on the state technology competency. All staff members attended a workshop on implementing a school wide discipline program. This will be further developed next year.

Athletically, our students competed and took district honors in several different events and sports. They also brought home top state honors in boys basketball and boys golf as well as in many FCCLA events.

### Progress Towards Meeting District Goals

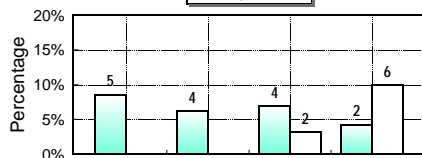

2000-01 Goals	Progress
Curriculum Alignment	
Increase Student Achievement	
Increase the number of Minorities graduating	
Complete grounds around new facilities.	
Increase offerings for gifted students
